Class 13 were introduced to the camels before we were taken into Santa's grotto. Santa told us about the camels and he also told us about the other animals he visits once a year at London Zoo. Class 13 opened door number 8 on the advent calendar and we found a penguin inside. We went off to see the penguins who were loving the winter weather. A huge well done to Class 13 for their good humour and enthusiasm!

KS3 students went on a very cold journey to Svalbard to find a polar bear. Wow! We didn't just find a polar bear! We found a family of walrus, an orca whale and an artic fox! We travelled by sledge pulled by husky dogs!
