Class 12 had a workshop on board the Cutty Sark sailing ship at Greenwich.. Our workshop was called 'life on board'. Noel showed us the interesting pieces of cargo the ship carried such as tea, cotton, cloth, coal and even pianos!

We learned what it was like to live on board the Cutty Sark. We used telescopes to look across the River Thames. Some of us painted the deck, some scrubbed the floor and some of us 'took it easy' and lay down in the tiny sailor's bed. The work shop was great fun. We learned it was a hard but adventurous life on board the Cutty Sark tea clipper!

ORCA-MANIA SWEEPS THROUGH SCHOOL AS LIVING WITH ORCAS WEEK UNLEASHES MAGNIFICENT LEARNING!

In an epic school-wide gathering, Living with Orcas week united students in a thrilling exploration of the majestic orca life! From riveting learning activities to a star-studded assembly featuring the Born Free team, the event was a splashy success!

Class 3 stole the show with a spellbinding performance, weaving the poignant tale of orphaned orca, Springer. The crowd was left in awe!

Anticipation is already building for next year's Living with ... extravaganza!
